

Ajaya Mahanty

Full Stack Java Developer

+91-7789961291 | ajayafullstackdev@gmail.com | LinkedIn | GitHub | Portfolio

Professional Summary

Entry-level **Full Stack Java Developer** with hands-on experience designing, developing and delivering business applications using **Java, Spring Boot, REST APIs, Spring Data JPA, Oracle SQL/PL SQL and React**. Strong foundation in object-oriented programming, layered architecture, transaction management, JWT authentication, role-based authorization, database migrations and responsive UI development. Developed a multi-business ERP application with **13 REST modules, 48 permissions and 6 roles** for planned future self-business operations. Seeking a Junior Full Stack Java Developer role focused on Java backend, REST API and business application development.

Technical Skills

Languages: Java 8+, JavaScript ES6+, SQL, PL/SQL, HTML5, CSS3.

Backend: Spring Boot 3, Spring Data JPA, Spring Security, JWT, REST APIs, JDBC, Servlets, JSP, MVC, Layered Architecture, Transaction Management.

Frontend: React 19, React Hooks, Context API, useReducer, React Router, Vite, Bootstrap 5, Flexbox, CSS Grid, Responsive Design.

Database: Oracle 21c, PL/SQL Procedures, Functions, Triggers, Cursors, Joins, Subqueries, Views, Indexes, Normalization (3NF), Flyway, MySQL.

Tools: Git, GitHub, Maven, Jenkins, Docker Compose, SQL*Plus, IntelliJ IDEA, Eclipse, VS Code.

Projects

Ajaya Venture Management System

Sep 2026

Full Stack Java Developer | Business Application

Technologies: Java 17, Spring Boot 3, Spring Data JPA, Oracle 21c, Flyway, React 19, JWT

- Designed, developed and delivered a **multi-business ERP application for planned future self-business operations**, implementing **13 Spring Boot REST modules** across masters, inventory, purchasing, sales billing, returns, payments, expenses, HR and reporting.
- Developed and integrated a **React 19 + Bootstrap 5 frontend** with Spring Boot REST APIs and Oracle 21c to centralize business, inventory, billing and financial workflows.
- Implemented a maintainable **layered architecture** using controllers, services, repositories and DTO records, with global exception handling, standardized API responses, pagination and venture-scoped data access.
- Built transactional workflows for **stock posting, bill-balance validation and returns**, maintaining consistency between inventory quantities and financial records.
- Implemented **JWT authentication with rotating refresh tokens** and role-based authorization across **48 view/manage permissions and 6 roles**; added password reset flows and Swagger/OpenAPI documentation.
- Designed a normalized Oracle schema and managed changes through **Flyway V1-V7 migrations**; implemented document numbering and JPQL-based financial reports for revenue, COGS, margins, receivables and cash flow.

Lumina E-Commerce Website | Live Preview

May 2026

Frontend Developer | Personal Project

Technologies: React.js, JavaScript ES6+, Bootstrap 5, HTML5, CSS3

- Designed and developed a **responsive e-commerce storefront** using React.js, JavaScript ES6+, Bootstrap 5, HTML5 and CSS3 with reusable components and React Router navigation.
- Implemented **cart and wishlist state management** using Context API and useReducer, providing centralized and predictable state updates across the application.
- Built a **mobile-first interface** using Flexbox, CSS Grid and Bootstrap utilities with responsive layouts for desktop, tablet and mobile devices.

Developer Portfolio Website | Live Preview

Aug 2026

Frontend Developer | Personal Project

Technologies: React 19, Vite, Bootstrap 5, JavaScript ES6+, CSS3

- Designed, developed and **deployed a responsive personal portfolio website** using React 19, Vite and Bootstrap 5 to showcase projects, technical skills, certifications and professional information.
- Structured content using **reusable, data-driven React components**, separating application data from UI presentation to simplify maintenance and future updates.
- Implemented responsive navigation, scroll-reveal animations, smooth section navigation and back-to-top functionality across desktop and mobile layouts.

Education

Bachelor of Computer Applications (BCA) – 8.5 CGPA

Aug 2022 – May 2025

Chikiti Mahavidyalaya, Berhampur University

Full Stack Java Developer Training – Naresh IT, Hyderabad

Feb 2026 – Aug 2026

Java SE/EE, Spring Boot, Oracle SQL/PLSQL, React, JavaScript, Bootstrap, Git, JDBC, Servlets, JSP

Certifications

- Naresh IT** – Full Stack Java Developer Program Certificate.
- HackerRank** – React Certified [Certificate] | SQL (Basic) Certified [Certificate].
- HackerRank** – Software Engineer Intern Certificate [Certificate].
