Professional Summary

Full Stack Java Developer (Fresher) with hands-on experience in Java SE, Java EE (JDBC, Servlets, JSP), Oracle SQL, PL/SQL, React.js, HTML5, CSS3, Bootstrap, and Git. Proficient in Object-Oriented Programming (OOP), MVC Architecture, Collections Framework, Java 8, REST API integration, and SQL query optimization. Developed three end-to-end software projects involving CRUD applications, database design, and responsive web development. Seeking an entry-level Java Developer, Full Stack Developer, SQL Developer, or Software Engineer role to build scalable applications in an Agile development environment.

Technical Skills

Programming: Java SE (Java 8, OOP, Collections Framework, Exception Handling, Multithreading, File I/O, Lambda Expressions), JavaScript (ES6+), SQL, Python (Basics).

Backend: JDBC, Servlets, JSP, Java EE, REST API Integration, MVC Architecture.

Frontend: React.js (Components, Hooks, Context API, useReducer, React Router), HTML5, CSS3, Bootstrap 5, Responsive Web Design, Flexbox, CSS Grid.

Database: Oracle SQL, PL/SQL, Stored Procedures, Functions, Triggers, Cursors, Joins, Subqueries, Aggregate Functions, Indexes, Database Normalization (1NF, 2NF, 3NF).

Tools: Git, GitHub, Maven, IntelliJ IDEA, Eclipse, VS Code, SQL Plus.

Concepts: CRUD Operations, SDLC, Agile Methodology, Object-Oriented Design, Database Design.

Projects

E-Commerce Shopping Platform | [Live Preview](#)

May 2026

Technologies: HTML5, CSS3, Bootstrap 5, JavaScript (ES6+), React.js

React Developer – Personal Project

- Developed a responsive e-commerce web application using React.js, HTML5, CSS3, Bootstrap 5, and JavaScript (ES6+).
- Implemented Context API and useReducer for cart and wishlist state management with reusable React components.
- Designed a mobile-first responsive UI using Flexbox, CSS Grid, and React Router.
- Applied semantic HTML, accessibility best practices, and interactive UI features to improve usability.

Employee Management System | [GitHub](#)

Jun 2026

Technologies: Java SE, JDBC, Oracle SQL, Git

Java Developer – Academic Project

- Developed a console-based Employee Management System using Java SE, JDBC, and Oracle SQL supporting CRUD operations.
- Applied OOP principles and MVC architecture to build modular and maintainable code.
- Used PreparedStatement and exception handling for secure and reliable database operations.
- Managed source code using Git and GitHub with feature-based version control.

Employee Payroll System | [GitHub](#)

Apr – May 2026

Technologies: Oracle SQL, PL/SQL, Database Design

Database Developer – Academic Project

- Designed a normalized (3NF) Oracle database for Employee, Department, Attendance, Salary, and Payroll management.
- Developed PL/SQL stored procedures, functions, and triggers to automate payroll processing and maintain audit logs.
- Wrote advanced SQL queries using JOINS, subqueries, aggregate functions, and views to generate payroll reports.
- Applied constraints, indexes, and database normalization techniques to ensure data integrity and optimize query performance.

Education

Bachelor of Computer Applications (BCA)

Aug 2022 – May 2025

Chikiti Mahavidyalaya, Berhampur University | 8.5 CGPA

Brahmapur, Odisha

Full Stack Java Developer Training

Feb – July 2026

Naresh IT

Hyderabad, Telangana

Curriculum: Java SE, Java EE, Oracle SQL, PL/SQL, React.js, HTML/CSS/JavaScript, Bootstrap, Git, JDBC, Servlets, JSP

Certifications & Achievements

- Naresh IT** – Full Stack Java Developer Program Certificate
- HackerRank** – SQL (Basic) Certified [\[View Certificate\]](#)
- HackerRank** – SQL (Intermediate) Certified [\[View Certificate\]](#)
- HackerRank** – Software Engineer Intern [\[View Certificate\]](#)
- Solved SQL and Java programming challenges on HackerRank, strengthening problem-solving and database query optimization skills.

Additional Information

Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Debugging, Time Management, Attention to Detail.

Interests: Java Backend Development, Full Stack Development, REST API Development, Database Optimization, Open Source Contribution.

Languages: English (Professional), Hindi, Odia.
